

Meat Maker[®] 16-8 With Monovet[®]

Product number: 60720

Product Information

For the prevention of coccidiosis caused by *Eimeria crandallis*, *Eimeria chistenseni* and *Eimeria ninakohlyakimovae* in goats.

- Medicated with Monovet for the prevention of coccidiosis
- Same great formula as the Meat Maker 16-8 non-medicated version
- High quality nutritional package, including organic minerals from BIOPLEX and SEL-PLEX for improved bioavailability
- Easy to use mixing directions on the label
- CAUTION: do not allow equines access to Monovet-medicated feeds

Monovet[®] is a registered trademark of Huvepharma

BIOPLEX[®] and SEL-PLEX[®] are registered trademarks of Alltech.

Feeding Instructions

CAUTION: Use only as directed. Do not allow horses or other equines access to feeds containing Monensin. Ingestion of Monensin by equines has been fatal. Monensin-medicated cattle and goat feeds are intended for use in cattle or goats only. Consumption by unapproved species may result in toxic reactions. Feeding undiluted or mixing errors resulting in high concentrations of Monensin has been fatal in cattle and could be fatal in goats. Must be thoroughly mixed in feeds before use. Do not feed undiluted. Do not exceed the levels of Monensin recommended in the feeding directions, as reduced average daily gains may result. Do not feed to lactating dairy goats. Consumption of selenium should not exceed 0.7 mg per head. The addition to feed of higher levels of this premix containing selenium is not permitted.

WARNING: This product, which contains added copper, should not be fed to sheep or any species that have a low tolerance to supplemental copper.

Feeding Recommendations:

SWEETLIX Meat Maker with Monovet is a medicated mixing mineral formulated to help prevent coccidiosis while promoting health and well-being for your goats through proper nutrition. Added BIOPLEX organic trace minerals are easily absorbed and readily metabolized for optimal nutrition.

Mixing Directions: Thoroughly mix 41.65 lbs. of SWEETLIX Meat Maker 16-8 with Monovet Mineral with 1,958.35 lbs. of non-medicated feed or mix 1.04 lbs. of SWEETLIX Meat Maker 16-8 with Monovet Mineral with 48.96 lbs of non-medicated feed to create a complete feed providing 20 g per ton of monensin. Feed as the sole ration to goats in confinement. Provide clean, fresh water to all animals at all times.
